Introduction

The Town of Tyrone Downtown Development Authority (DDA) invites interested parties to submit their qualifications to become a tenant and development partner (the partner) for the redevelopment of 935 Senoia Road, a roughly 1.1 acre site containing a 5,000 square foot fire station constructed in the 1980's (Please see attached Exhibit A for site details). Qualifications should demonstrate an ability to deliver the development in a timely, professional, collaborative, and comprehensive manner.

The proposed project scope consists in the redevelopment of the property into a restaurant use that will bring vitality to the downtown area. This project would consist in a public-private partnership; the Tyrone DDA would solicit low-interest loans from sources exclusive to economic development entities to assist with design and development while the partner assumes responsibility for the operation of the business and business-related equipment after completion. General building maintenance will be the responsibility of the DDA as typical in a standard lease agreement.

Scope of Work

The Tyrone DDA, through this solicitation, wishes to affiliate with a qualified business owner that can move the proposed project towards fruition. The proposed redevelopment will be constructed on DDA-owned property in Downtown Tyrone and generally meet the following criteria.

1. *The general design/aesthetic of the building should incorporate architectural elements consistent with the Town of Tyrone's Downtown Overlay. Preexisting bay doors shall be replaced with glass-rollup doors to better achieve this aesthetic.*
2. *Utilizing the Town's 'Envision Tyrone' downtown master plan, the site shall incorporate elements that address the street and provide connectivity to Shamrock Park in the rear.*
3. *The DDA's preference is to have adequate outdoor spaces (e.g. courtyard, terrace, deck(s), etc.) with scenic views to Shamrock Park in the rear and that provide public space livening the street fronting Senoia Road.*
4. *The DDA will own the land and building and lease the site to the development partner through a reciprocally approved lease agreement.*
5. *On-site parking may be included, but will not be required, as the Town is currently working on parking expansion projects nearby. Up-front parking shall be avoided except as considered by the DDA board for ADA purposes.*
6. *Preference for extensive natural light throughout the building.*

Project Criteria

The Tyrone Downtown Development Authority is seeking a tenant/development partner who meets the following criteria for the establishment of a successful restaurant:

- **Experience:** *the partner must have at least 5 years of experience in the restaurant industry, with a proven track record of success in the operation of an established restaurant. Startup or first locations may be reviewed, but are not preferred for this project. Partner shall also demonstrate an ability to execute this project in markets similar to Tyrone.*
- **Financial Stability:** *the partner must have the financial stability and capacity to operate the restaurant for a minimum of 5 years and provide at least a \$100,000 contribution towards redevelopment.*
- **Concept:** *the partner must have a creative and innovative restaurant concept that will address the project understanding and attract patrons to the Downtown area. For the purposes of this RFQ, the concept submission should be made in written form with supporting images that addresses compatibility with the Town's overlay requirements, the 'Envision Tyrone' Masterplan, The Town's Comprehensive Plan and the surrounding area (Exhibits B-D). A fully engineered, rendered, and architectural design will be made in collaboration with the DDA after RFQ selection. This design should leverage the full range of site opportunities and provide a product that maximizes capacity of the site.*
- **Project Methodology:** *the partner must demonstrate an ability to publish a strategy that will effectively promote the restaurant and contribute to the revitalization of the downtown area.*
- **Community Involvement:** *the partner should be committed to the local Tyrone community through involvement and engagement in local events and activities and support community initiatives.*
