

ADDENDUM NUMBER 1
2026 LAURELWOOD CONNECTOR MULTI USE PATH
PROJECT NUMBER PW-2024-06
08/27/2026

The following changes, modifications, and/or clarifications to the project documents are a part, thereof, and change the original documents only in the manner and to the extent stated.

1. Bidders are reminded to comply with all the requirements for bidding as enumerated in the Project Manual, INCLUDING ACKNOWLEDGEMENT OF THE RECEIPT OF THIS ADDENDUM ON THE BID FORM.
2. Reference is made to the Plans. Delete the existing Plans and replace them with the attached revised Plans for addendum 1. Changes were made to the width of the concrete path reducing it from 12 feet to 10 feet wide. This caused changes to some of the quantities on the Bid Form. Please see #3 below regarding bid form changes.
3. Reference is made to the Bid Form. Delete the existing Bid Form and replace it with the attached Revised Bid Form Addendum 1. Changes were made to Bid Items 7, 13 and 21. On the Revised Bid Form, these items are shown in red for clarity.
4. Question was asked: Can the bid schedule be revised to reflect the quantity required in "SF" for signage? The answer is: Dimension of signage is depicted on the plans. The bid form will not be revised for this item.
5. Question was asked: Can the bid schedule be revised to reflect the quantity required in "LF" for Item 13 Galv Steel Post? The answer is: The length of each post for the W11-2/W16-9p signs are 16 LF, and the length of each post for the R1-5b sign is 13 LF, so there's 58 LF total of posts. The revised bid form has been changed to accommodate the linear foot unit for bidding.
6. Question was asked: Are digital signatures and seals acceptable on the bid bond form. The answer is: While we prefer wet signatures, the use of digital signatures are acceptable for the Bid Bond.
