

ADDENDUM NUMBER 1
2024 ASPHALT RESURFACING
PROJECT NUMBER PW-2024-01
03/15/2024

The following changes, modifications, and/or clarifications to the project documents are a part, thereof, and change the original documents only in the manner and to the extent stated.

1. Bidders are reminded to comply with all the requirements for bidding as enumerated in the Project Manual, **INCLUDING ACKNOWLEDGEMENT OF THE RECEIPT OF THIS ADDENDUM ON THE BID FORM.**
2. Reference is made to the Bid Form: Remove old Bid Form and replace with the attached new Revised Bid Form – Addendum 1.
3. Reference is made to Drawing 04-0001: Remove old drawing and replace with the attached new drawing.
4. Reference is made to Drawing 04-0002: Remove old drawing and replace with the attached new drawing.
5. Reference is made to Drawing 06-0001: Remove old drawing and replace with the attached new drawing.
6. Question was asked: For the “FDR” roads are you wanting the contractor to completely mill off and dispose of the existing asphalt before starting the stabilization process? The response to the question is: Due to the cement stabilization depth required, we have removed the 2” milling to save the contractor a step during the FDR process. Please note that as part of the project, the contractor is responsible for coordinating with a geotechnical engineer to develop an approved mix design. Therefore, this could change what amount of asphalt millings versus cement is needed.

END OF ADDENDUM NO. 1

REVISED BID FORM – ADDENDUM 1

Proposal of _____; hereinafter called "BIDDER", organized and existing under the laws of the State of _____, doing business as _____ (Insert "a corporation", "a partnership", or "an individual" as applicable). To the Town of Tyrone, hereinafter called "OWNER".

In compliance with the Advertisement for Bids, BIDDER hereby proposes to perform all WORK for the construction of
