

**August 11, 2023**

**NOTICE OF SEWER RATE INCREASES  
Effective on the September 2023 Billing Cycle  
TOWN OF TYRONE**

This is to give notice to Town of Tyrone sewer customers that sewer rates are increasing by 5% per year for the remaining months of 2023 and the entirety of 2024 and 2025. This is commensurate with an increase implemented by the Fulton County Government, the Town's contracted wastewater treatment provider, to help fund planned capital improvements to their wastewater system.

The current rates are as follows:

Base Cost for 0 – first 4,000 gallons: \$30.00/month  
Cost per each 1,000 additional gallons: \$8.45/month

Rates from September 2023 through December 2023 will be as follows:

Base Cost for 0 – first 4,000 gallons: \$31.50/month  
Cost per each 1,000 additional gallons: \$8.87/month

2024:

Base Cost for 0 – first 4,000 gallons: \$33.08/month  
Cost per each 1,000 additional gallons: \$9.32/month

2025:

Base Cost for 0 – first 4,000 gallons: \$34.73/month  
Cost per each 1,000 additional gallons: \$9.78/month

This incremental rate increase will begin on your September bill.
