

SHAMROCK PARK RE-DESIGN

- A** Shamrock Park Pavilion & Stage **(Completed)**
- B** Removal of existing town hall entrance alignment. Re-aligned park & Town Hall entrance with RRFB crossing. Potential speed table crosswalk.
- C** Removal of existing sidewalk & path. Replace with consolidated 14' concrete multi-use path with additional landscaping and landscaped natural surface bump-outs to be utilized by food trucks, golf cart parking, and outdoor furniture. Expanded tree planting along Senoia Road frontage
- D** Removal of existing parking. Addition of natural surface areas for park furniture/golf cart parking and power for food trucks. Expanded tree plantings.
- E** Expanded Hillside play area with new fenced enclosure around entire playground. Parent seating/gathering area adjacent to new parking lot.
- F** Potential new natural surface 8' path behind pavilion along pond.
- G** Littoral plantings and pond shore beautification/stabilization. Potential seating area for fishing near library and modest boat launch area for public works crew when maintaining fountain and aeraors.
- H** Additional multi-use trail connection from Coomerce Drive and Senoia Road to Park.
- I** Removal of old pole barn. New main parking area for Shamrock Park. Should integrate adequate turnaround for vehicles.
- J** New ADA access to park and trail.
- K** Tiered landscaped library/outdoor classroom space with artificial turf & covered walkway to recreation center.
- L** Covered Shade for Tot Lot and expanded tree plantings.
- M** Re-landscaped top of dam with new shade offerings. *(Existing trees to be removed, necessitating creative shade and landscape offerings that do not compromise the dam structure)*
